£3000

## Collector Safe

Square Hinged Door 18<sup>1</sup>/<sub>4</sub>"x 11<sup>1</sup>/<sub>4</sub>"

Larger capacity safes featuring a heavily protected hinged door which is easy to lift. The size of the safe has a very large access that is usually associated only with free standing safes, making the Collector an ideal option where a free standing safe has already been successfully attacked.

Ideally suited for ledgers, silverware and stamp collections.

Securing up to £3,000 worth of cash or £30,000 worth of valuables.

Available in 2 sizes.

## Free Standing safes

### Compact Gold Safe

£2000

These safes have been designed to replace the previously released compact safe. The double walled construction with thermal barrier gives these safes 30 minutes fire protection for paper. Shelves are supplied with the sizes 3 & 4. The safe has a recommended cash rating of £2000.

## Clubman Safe

A modern free standing safe which offers cash and fire protection. The intumescent strips around the door open to offer 30 minutes of fire protection for paper. The Clubman has a recommended cash rating of £3000. Available in four sizes to meet a wide variety of customer needs. All sizes (except size 31109) come supplied with a shelf as standard. Finished in Churchill's light grey scratch resistant paint to blend in with the modern office or home.

## Classic Safe

The Classic safe is a higher specification version of the Clubman safe. Enhancements include a higher cash rating of £4000 and a door consisting of a 10mm thick steel plate. Available in four sizes to meet a wide variety of customer needs. All sizes (except size 41109) come supplied with a shelf as standard. Finished in Churchill's light grey scratch resistant paint to blend in with the modern office or home.
