

**NEW:**  
*Lighter product*  
The *Sovereign Elite* range from Chubb safes has been expertly designed to ensure you have the best protection for your valuables.

# Sovereign *Elite* (Grades 0 and 1)

lightweight burglary protection

## Key Features

- Chubb safes revolutionary new lightweight barrier material combined with our traditional construction methods provide a safe range unhibited by dated installation restraints.
- The cash rating increases with the grade of Sovereign Elite. The recommended ratings are **£6000** (grade 0), **£10,000** (Grade 1).
- The Sovereign Elite is certified by ECBS and tested to EN1143-1
- The Sovereign Elite has gained the NT 017 standard and offers 60 minutes of fire protection.
- The Sovereign Elite range can be customised with a choice of locking options, deposits, shelves and lockable drawer deposits in order to meet customer requirements. The deposit head is a fully integrated drawer unit in the safe and equipped with anti-fishing plate. The drawer is locked by a key lock, however, a choice of electronic locking is available to suit different security requirements.
- Chubb safes barriers are applied in the construction of the safes to protect against all kinds of burglary attack.
- Passive and active relockers are incorporated into the boltwork to resist attack.
- Base fixing is standard on all models.
